

## Insurance Program for “Generation Z” Drivers

We recognize the impacts of the driver shortage on the transportation industry and the need to bring in younger talent to your organization. To help support your efforts to engage and retain 20-year-old drivers, and to help reduce claims costs, deductibles, and work accidents, we have created the “Generation Z” Driver Insurance Program.

### “Generation Z” Driver Insurance Program Features:

- Low-cost, simple and convenient training program is included with the **MOVER'S CHOICE** insurance program.
- Educational component and certain limitations help lower your overall risk by enabling the drivers to become more familiar with driving larger vehicles.
- Training videos are fast, efficient and designed for the learning style of this generation.
- Instant certificate of completion that fosters employee growth and development.

### 20-Year-Old Driver Eligibility Requirements:

- May drive vehicles no larger than a box truck.
- May only drive within a local radius (up to 50 miles).
- Must have at least two years' driving experience.
- MVR must be better than average - meaning no more than one moving violation or one accident in three years.
- Successful completion of the following driver safety courses through the AmTrust Trainery Learning Management System:

#### Driver Safety Video Courses

1. *Driving Safety: Tailgating*
2. *Driving Safety: Speeding & Stopping Distance*
3. *Driving Safety: Changing Lanes*
4. *Defensive Driving Awareness*
5. *Distracted Driving*
6. *Driver Fatigue*

Industry statistics show that **young drivers are 3x** more likely to be **involved in an accident** than drivers with more than five years of experience.

**LET'S LOWER THE RISK  
ONE DRIVER AT A TIME!**

### How to Get a 20-Year-Old Driver Insured by the “Generation Z” Driver Insurance Program:

- Submit your driver request to [processing@MoversChoiceIns.com](mailto:processing@MoversChoiceIns.com)
- Once MVR is accepted, you have 30 days to provide the six safety video course certifications.

**Trainery — AmTrust's Learning Management System** offers helpful videos to help drivers improve and enhance their driving skills, and it's easy to use. Upon underwriting's tentative approval, we will register your driver, who will then receive an email directly from Trainery with login information and a link to their courses.
